# Cory Morrissey

Student at PDX Code Guild

Portland, Oregon Area

## Summary

My name is Cory Morrissey, I was born in Kahului, Maui and moved to Hood River when I was six. I grew up here in the Pacific Northwest and fell in love with the area. I currently live in Portland, OR and study at PDX Code Guild, working on finishing my full stack web development certification.

---

## Experience

### W.S.L Inc

Office Administrator

April 2017 - October 2018 (1 year 7 months)

Portland, Oregon Area

At W.S.L. I worked as an office administrator, mostly focusing on data entry and troubleshooting problems with customers. Here I honed my ability to keep very organized, finish deadlines in a timely fashion, and multitask with coworkers, managers, and customers.

### Ground Coffee

Supervisor / Barista

January 2014 - March 2017 (3 years 3 months)

Hood River, OR

I worked here as a barista for three years while enjoying the outdoor scene in Hood River. My focus as a supervisor was having excellent time management, good communication, and working with others. Working as a face of the public also taught me the social and personal skills that I apply every day.

---

## Education

### PDX Code Guild

Full Stack Web Development · (2018 - 2019)
